PROFILE

I am Samitha, a Software Engineering undergraduate with hands- on experience in Java web application development and building web applications using HTML, CSS, and JavaScript. I have also worked with Visual Studio, enhancing my skills in software development. I am actively seeking a job opportunity where I can apply my skills, contribute to a team, and continue learning. I am eager to take on challenges and deliver high-quality work, making me a valuable addition to any team.

PROJECTS

- **CARE CONNECT PROJECT**

  Developed a mobile and web app connecting caregivers with elderly individuals, featuring user registration, profile management, real-time messaging, and task scheduling, with a focus on accessibility and security.

  Technologies Used: Java, Android Studio, Firebase

- **DEBRA EVENT MANAGEMENT WEB APPLICATION**

  Developed a service-oriented web application for Debra, an event management company, to facilitate event management, ticket booking, and partner collaboration.
  Technologies Used: ASP.NET, C#, MS SQL Server, HTML, CSS, JavaScript

- **CINEPLEX MOVIE THEATRE WEB APPLICATION**

  Developed a responsive web application for Cineplex Movie Theatre that allows users to sign up, log in, and manage their profiles.
  Technologies Used: HTML, CSS, JavaScript, PHP, MySQL database.

LANGUAGES

- English
- Sinhala
